DESIGN SPECIALTIES

Making your fireplace the focal point.

Carolina

Traditional style for any décor

It's easy to see why the Carolina is one of our best selling doors. The single piece, laser cut steel frame is available in the most popular styles and finishes. Robust construction ensures you and your family will enjoy your door for many years. The Carolina is custom built specifically to your fireplace dimensions so you can choose to have the frame overlap your fireplace opening or fit entirely inside your fireplace to highlight the marble or tile of your surround. With 28 different finish choices and several door designs to choose from, you're sure to find the perfect Carolina for your fireplace.

Arch Makeover

The Arch Makeover door transforms almost any rectangle fireplace opening into an arched fireplace. Using a slightly larger outer frame than our regular steel doors, the Arch Makeover overlaps the fireplace opening to create the look of a true arched fireplace.

Stronghold

Features Black Silver Edge finish with custom riveted banding and decorative hinges.

Buckingham

Features a decorative Window Pane design & custom monogram keystone. 8" Twist handles add a Forged look.
